TABLE OF CONTENTS

FOREWORD i

CHAPTER 1 ABOUT NTMA 1

1.1 Overview
1.1.1 Vision
1.1.2 Mission
1.1.3 Philosophy
1.1.4 Values
1.2 Governance
1.2.1 Board of Trustees
1.2.2 Management Team
1.2.3 Organization Structure
1.3 Faculty
1.4 Facilities
1.5 In Search of Transformative Maritime Leaders as Co-creators
1.5.1 Exit Competencies
1.6 Honor Code
1.7 Manual Maintenance and Review

CHAPTER 2 ACADEMIC INFORMATION AND PROCEDURES 9

2.1 Degree Programs
2.2.1 Bachelor of Science in Marine Transportation
2.2.2 Bachelor of Science in Marine Engineering
2.2 Academic Calendar
2.2.1 Academic Year Structure
2.2.2 School Activities
2.3 Admission Criteria
2.3.1 Qualification Requirements
2.3.2 Admission Process
2.4 Program Enrollment
2.4.1 New Cadets' Orientation
2.4.2 Block System
2.4.3 Enrollment Process
2.4.4 Shifting of Degree Program and Cross Enrollment
2.5 Academic Requirements
2.5.1 Assessment
2.5.2 Grading System

2.5.3 Re-sit Examination
2.5.4 Incomplete Grade
2.6 School Fees
2.6.1 Breakdown of Fees
2.6.2 Payment Plans
2.6.3 Payment Methods
2.6.4 Financial Assistance
2.6.5 Withdrawal Policy
2.7 Attendance and Punctuality
2.7.1 Attendance Policy
2.7.2 Absence Policy
2.8 Leave of Absence
2.8.1 Academic Deferment
2.8.2 Medical Deferment
2.9 Academic Suspension and Dismissal
2.9.1 Academic Suspension
2.9.2 Academic Dismissal
2.10 Onboard Training
2.10.1 Training Requirements
2.10.2 Evaluation and Grading
2.10.3 Reporting and Documentation
2.11 Graduation Requirements
2.12 Scholastic Standing and Performance
2.12.1 Cadet Scholastic Ranking
2.12.2 Scholastic Honors and Awards Criteria

CHAPTER 3 TRANSFORMATIVE MARITIME LEADERSHIP SKILLS DEVELOPMENT 25

3.1 Program Framework
3.1.1 Leadership and Management
3.1.2 Critical Thinking and Problem-Solving
3.1.3 Communication and Teamwork
3.1.4 Emotional Intelligence and Resilience
3.1.5 Mentorship
3.1.6 Ethical Decision-Making and Integrity
3.1.7 Innovation and Continuous Learning
3.2 Assessment, Evaluation, and Feedback
3.3 Program Outcomes

CHAPTER 4 CADET LIFE, CONDUCT, AND ETHICAL DEVELOPMENT 29

4.1 Living Environment
4.1.1 Dormitory Life
4.1.2 Common Areas
4.1.3 Safety and Comfort
4.1.4 Quiet Hours/Lights Out
4.2 Cadet Well-Being
4.2.1 Medical and Dental Services
4.2.2 Guidance and Counseling Services
4.2.3 Physical Fitness
4.2.4 Emotional Health Services
4.2.5 Spiritual Services
4.2.6 Cadet Safety and Security
4.3 Cadet Daily Routine
4.3.1 Daily Schedule
4.3.2 Mealtimes
4.3.3 Study Hours
4.3.4 Extracurricular Activities
4.4 Cadet Protocols
4.4.1 Dress Code
4.4.2 Communication Etiquette
4.4.3 Safety Guidelines
4.5 General Directives, Duties, and Responsibilities
4.5.1 Reporting Procedures
4.5.2 Facility Use
4.5.3 Interaction Guidelines
4.5.4 Academic Responsibilities
4.5.5 Leadership and Participation
4.5.6 Attendance and Punctuality
4.6 Conduct and Ethical Development
4.6.1 Integrity
4.6.2 Respect
4.6.3 Ethical Decision-Making
4.6.4 Responsibility and Accountability
4.6.5 Character-Building
4.6.6 Professionalism
4.6.7 Leadership and Mentorship
4.6.8 Teamwork
4.6.9 Excellence
4.6.10 Safety Conscious
4.7 Merit System
4.7.1 Merit

4.8 Offenses and Disciplinary Sanctions
4.8.1 Offenses
4.8.2 Disciplinary Sanctions
4.8.3 Disciplinary Proceedings
4.8.4 Motion for Reconsideration
4.8.5 Non-Exclusivity Clause
4.8.6 Protocols and Procedures for Offenses Committed while on Onboard Training
4.9 Grievance Machinery and Whistleblower Policy
4.9.1 Grievance Machinery
4.9.2 Whistleblower Policy

DISCLAIMER

While every effort has been made to provide cadets with current information, NYK-TDG Maritime Academy (NTMA) reserves the right to amend its policies, procedures, programs, and other matters written in this Cadet's Manual of Information, hereinafter referred to as "CMI" or "Manual," when circumstances dictate. As such, cadets are required to consult other channels of information such as bulletin boards, posters, handouts, newsletters, e-mails, memorandum circulars, and school publications for any updates and developments.

The interpretation of this Manual is the function of the President of NTMA. Should any doubt/conflict arise from the interpretation of any of the provisions stated in this Manual, cadets may seek advice or raise their concerns to the Transformative Maritime Leadership Unit (TMLU) under the Office of the President.

Foreword

Dear NTMA Cadet,

Welcome to NYK-TDG Maritime Academy (NTMA) and the beginning of a journey that will shape your future as a transformative leader in the maritime industry.

Seafaring is not just a job but a calling that demands the highest levels of competence, discipline, and integrity. At NTMA, we are committed to providing you with a robust, competency-based education designed to ensure your success in the maritime industry.

As you set sail on the path to becoming a transformative leader, use this Cadet's Manual of Information as your guide. It provides the knowledge, rules, and resources necessary to succeed.

Take the time to read it thoroughly, understand its contents, and adhere strictly to the rules and regulations it outlines.

This Manual is more than just a guide; it is a roadmap for your personal and professional growth. It will help shape your mind and character, preparing you to become a transformative leader who sets the standards in the global maritime industry.

We encourage you to make the most of the opportunities presented to you, whether in your studies, onboard training, or extracurricular activities. Strive to embody the principles of professionalism, leadership, and ethical conduct in all that you do.

Always support your fellow cadets, seek guidance when needed, and strive for excellence. The experiences and lessons you gain in the Academy will prepare you for the challenges ahead.

Congratulations and welcome aboard! May you always carry the name of NTMA with pride and distinction.

CHAPTER 1

ABOUT NTMA

1.1 OVERVIEW

NYK-TDG Maritime Academy (NTMA) was established through a joint venture partnership between Nippon Yusen Kabushiki Kaisha (NYK) Line, one of the world's leading shipping companies, and the Transnational Diversified Group (TDG), a diversified conglomerate with interests in various industries including logistics, shipping, information technology, and travel and lifestyle. NTMA was founded to provide world-class maritime education and training to meet the growing demand for skilled and competent maritime professionals.

Located in Canlubang, Laguna, Philippines, NTMA offers state-of-the-art facilities and a rigorous curriculum to equip cadets with the knowledge, skills, and values necessary to excel in the global maritime industry. The Academy emphasizes a holistic approach to education, combining theoretical instruction with performance activities and onboard experience.

NTMA is committed to developing and producing transformative leaders in the maritime industry who are not only technically competent but with strong character, integrity, and professionalism, and committed to being responsible individuals.

By focusing on developing cadets' potential and unlocking their highest future possibilities, the Academy elevates their quality of life and positively impacts the goals of NYK Line and TDG, extending benefits to the broader global maritime community.

1.1.1 Vision

A premier higher educational institution dedicated to cultivating transformative leaders in the maritime industry who are competent, innovative, safety conscious, and responsible, setting the standards for excellence and social responsibility in the global maritime industry and the community it serves.

1.1.2 Mission

As an institution for higher education, we commit ourselves to:

- Advance our core values towards the maintenance of a safe and creative campus environment where academic freedom, diversity, equity, and inclusivity are upheld with utmost concern for lifelong learning and attainment of educational goals;

- Deliver quality outcomes-based education supported by research and responsive to the needs of our academic and maritime communities and stakeholders; and

- Produce transformative leaders for the maritime industry and community through the holistic conduct of instruction, research, and extension programs.

1.1.3 Philosophy

NTMA is committed to setting the highest standards in maritime education through a competency- and outcomes-based maritime industry-driven curriculum.

Its philosophy is centered on academic excellence and developing a strong character imbued with integrity, assertiveness, transformative maritime leadership, and a deep sense of responsibility and care to ensure our graduates' positive impact in the global maritime industry.

We are dedicated to providing a safe learning environment that upholds open communication wherein every community member contributes to maintaining this culture and enabling learning of its members and the communities.

1.1.4 Values

NTMA is dedicated to upholding values that ensure purposeful leadership and the highest standards of conduct. Our guiding principles are grounded in NYK Line's mission of "Bringing Value to Life" and TDG's purpose of being a "force for good."

- ***Integrity***

We will conduct our activities with a strong sense of ethics while thoroughly respecting human rights and complying with laws and regulations, considering all stakeholders' positions.

We will do our academic work with courage, trust, and honesty, being responsible, fair, and respectful. For example, all data, information, or

illustrations used in one's research, assignment, or presentation will be given proper crediting by applying appropriate citations or referencing.

- ***Intensity***

We will continue to demonstrate a passionate desire to accomplish our mission until it is achieved, even in difficult situations.

We shall turn our passion into performance and contribute to achieving a better quality of life in NTMA and the communities in which we live.

- ***Innovation***

We will persist in taking on challenges to ensure that the learning community continues to be safe, secure, inspiring to create learning spaces for the cadets and their teams to test out different ways to doing things.

We will constantly encourage our cadets to work together to provide for the emerging future and what it offers. Experimentation and prototyping will be promoted.

- ***Excellence***

We will find the best ways, systems, and processes to achieve total quality and superior results. Our passion for Excellence compels us to continuously seek better and smarter ways of doing things.

- ***Community***

We will achieve excellence beyond individual efforts. We build a strong community through alignment of purpose, accountability, mutual respect, and trust. Teamwork, diversity, and synergy achieve greater results.

- ***Stewardship***

We will have a genuine concern for the common good of all stakeholders (Employees, Customers, Suppliers, Shareholders, Partners, and Community). Our drive for excellence and sustainable growth is anchored in every member of the NTMA community's strong sense of responsibility, "*malasakit*," and leadership. As responsible citizens, we care for our community and seek to preserve the environment.

- ***Fairness***

We will seek mutual benefit, using a "win-win" approach in everything we do. We provide an environment where cadets have the opportunity to grow and achieve their full potential.

Fairness is NTMA's foundation for building strong and lasting relationships with all stakeholders.

1.2 GOVERNANCE

1.2.1 Board of Trustees

The Board of Trustees is the highest governing body of NTMA. It exercises corporate powers, conducts business, and controls the property of NTMA. Headed by a Chairperson, the Board has five (5) members including the NTMA President.

1.2.2 Management Team

The Management Team is composed of the President, Vice President for Academic Affairs (VPAA), Vice President for Cadet Affairs (VPCA), Vice President for Research and Extension Programs (VPREP), Registrar, and General Manager for Support Center. The Team has general control over the day-to-day conduct of the Academy's affairs and discusses matters/issues regarding academics, operations, and cadet affairs.

1.2.3 Organization Structure

- **Office of the President (OP)**
  - Office of the Registrar (OR)
  - Transformative Maritime Leadership Unit (TMLU)
  - Finance Center
  - Support Center
    - General Services (Janitorial, Maintenance, Security)
    - Human Resources
    - Purchasing
    - I.T.
  - Quality Standards Office (QSO)
  - Legal Counsel

- **College of Academic Affairs (CAA)**
  - Department of Marine Transportation (DMT)

- Department of Marine Engineering (DME)
- Department of General Education (DGE)
  - Kumon Learning
  - Nihongo Language Course
- Knowledge Resource Center (KRC)

- **Center for Cadet Affairs (CCA)**
  - Cadet Coordinating Office (CCO)
    - Supreme Organization of Cadets
    - Cadet Organizations
  - Onboard Training Office (OTO)
  - Safe Harbor Hub (SHH)
  - Cadet Support Services Hub (CSSH)

- **Center for Research and Extension Programs (CREP)**
  - Research Office (RO)
  - Extension Programs Office (EPO)

Cadets participate in the governance of the Academy through their involvement in the planning and implementation of activities and events.

Through their representatives under the Supreme Organization of Cadets, they participate in the formulation of guidelines and deliberation of cadet-related concerns.

1.3 FACULTY

The faculty at NTMA plays a vital role in shaping cadets' academic and professional journey. The faculty comprises experienced maritime professionals and General Education teachers dedicated to providing high-quality instruction and expertise in navigation, engineering, safety management, and leadership, and liberal arts, providing the cadets with a holistic educational experience.

Faculty members at NTMA are not only instructors but also mentors and guides. Their responsibilities include delivering course content, advising cadets on academic and career matters, and fostering an environment of learning and growth. They are committed to supporting cadets in achieving their academic goals and developing the competencies required for their future careers.

Instructors are expected to maintain the highest standards of professionalism and integrity. They are committed to creating a positive and inclusive learning environment where all cadets can thrive.

1.4 FACILITIES

Facilities and services are available to meet the cadets' basic needs while in the Academy. These are designed to allow cadets to collaborate and work together. These may be utilized and used by cadets following the Academy's procedures. Cadets must use all school properties with care. Presented in Annex A is the list of NTMA Facilities.

1.5 IN SEARCH OF TRANSFORMATIVE MARITIME LEADERS AS CO-CREATORS

NTMA is committed to developing transformative leaders in the maritime industry equipped to help shape the maritime industry's future with vision, innovation, co-creation, and a deep sense of responsibility and care for their peers and colleagues, employers, and their communities.

A transformative leader in the maritime industry is a proactive and professional merchant marine officer who champions safety, inspires innovation empowers teamwork, promotes co-creation, and drives growth in the global maritime industry. These leaders challenge the status quo and engage as co-creators to develop shared solutions leading to positive changes.

NTMA's mission goes beyond providing the cadets with technical skills; we aim to help cadets develop the skills and mindset needed to lead with vision, inspire innovation, and ensure safety through co-creation in everything they do.

1.5.1 Exit Competencies

Exit competencies refer to the technical skills, engagement skills, and values that NTMA cadets expect to have upon graduation. These competencies ensure that graduates of the Academy are fully prepared to meet the demands of the maritime industry. NTMA's exit competencies are grouped into three (3):

- ***Technical Skills***

These are the mandated competencies under the 1978 International Convention on Standards of Training and Certification and

Watchkeeping (STCW) for Seafarers, as amended, that cadets must master to operate and maintain a ship safely and efficiently. This includes navigation, cargo handling, ship handling and maneuvering, operation of different types of machinery, marine engineering, compliance with maritime legislation, and shipping operations. Technical skills ensure that graduates can perform their duties effectively while onboard.

The curriculum includes managerial and safety skills to prepare cadets for possible shore-based work assignments.

- ***Engagement Skills***

Engagement skills, or soft skills, involve the ability to interact effectively and co-create with others. These include safety consciousness, leadership, innovation, diversity, equity, and inclusivity. These skills are essential for leading and managing people, managing and resolving conflicts, and working in diverse, multicultural environments onboard and ashore.

- ***Values***

Values refer to the ethical principles and professional standards that guide NTMA cadets' behavior, guiding them to "bring value to life" and become "a force for good."

Each cadet evaluates his/her Exit Competencies annually, guided by the Class Advisers and the Transformative Maritime Leadership Unit (TMLU).

Upon graduation, the cadet's Exit Competencies should collectively prove his/her being a transformative maritime leader. NTMA's Exit Competencies are presented in Annex B.

1.6 HONOR CODE

The Cadet Honor Code at the NTMA is a fundamental principle emphasizing integrity and ethical behavior as a core aspect of a cadet's life. It is designed to guide cadets in every action and decision, promoting conduct befitting an Officer. The ultimate goal of the Honor Code is to develop cadets into better individuals who uphold the highest standards of honesty and responsibility. Violations of the Honor Code are taken seriously and can result in severe consequences, including dismissal from the Academy.

The Honor Code states:

"We, the cadets of NTMA, uphold honesty, integrity, and fairness. We embrace a culture of trust, kindness, and mutual respect, standing firmly against any behavior that undermines these values."

The cadets shall:

- uphold the truth at all times, avoiding misleading statements or providing false information;
- respect others' property, never taking anything without permission;
- maintain academic integrity, steering clear of cheating, plagiarism, and any form of academic dishonesty;
- accord the highest regard for the rights of others by promoting the well-being of other cadets and not using violence, harsh words, or malicious conduct in their dealings with one another; and
- call out any cadet who goes against the Code and does not condone unethical behavior by remaining silent.

This unwavering commitment to integrity and accountability forms the bedrock of their character and conduct.

1.7 MANUAL MAINTENANCE AND REVIEW

The Management Team shall review the Manual every six (6) months, however, the changes will be effective in the next Academic Year. Additionally, revisions may be initiated as the need arises to address emerging issues or changes in NTMA policies and procedures. Cadets are also encouraged to recommend changes to improve this Manual.

The OVPCA will initiate the review and update process, while the QSO shall ensure that all necessary revisions are made promptly. The revised Manual should be approved by the NTMA President before a copy is distributed to the cadets and NTMA personnel.

CHAPTER 2

ACADEMIC INFORMATION AND PROCEDURES

2.1 DEGREE PROGRAMS

NTMA offers four-year baccalaureate degree programs in Marine Transportation and Marine Engineering.

2.1.1 Bachelor of Science in Marine Transportation (BSMT)

- A four-year degree program following the 3-1 curriculum prescribed by the Commission on Higher Education (CHED) and Maritime Industry Authority (MARINA), and compliant with the STCW '78, as amended, leading to a career as an Officer-In-Charge of a Navigational Watch

- Under the 3-1 curriculum, cadets spend three (3) years at the Academy (from 1st year to 3rd year) and one year onboard a ship for their onboard training

- Provides cadets with real-life onboard training and curricular and co-curricular activities for values inculcation and development of leadership and other engagement skills

- In addition to technical skills, courses on Nihongo, Kumon Math, and Safety Management System are also included in the curriculum

- Opportunity to be exposed to NYK Line and TDG experiences and best practices in the global maritime industry

2.1.2 Bachelor of Science in Marine Engineering (BSMarE)

- A four-year degree program following the 3-1 curriculum prescribed by CHED and MARINA, and compliant with the STCW '78, as amended, leading to a career as an Officer-In-Charge of an Engineering Watch

- Under the 3-1 curriculum, cadets spend three (3) years at the Academy (from 1st year to 3rd year) and one year onboard a ship for their onboard training

- Provides cadets with real-life onboard training and curricular and co-curricular activities for values inculcation and development of leadership and other engagement skills

- In addition to technical skills, courses on Nihongo, Kumon Math, and Safety Management System are also included in the curriculum

- Opportunity to be exposed to NYK Line and TDG experiences and best practices in the global maritime industry

2.2 ACADEMIC CALENDAR

The academic calendar of school activities is planned annually in January following CHED requirements. The effectivity is at the start of the new academic year and communicated to the cadets by email and posted in the common areas in the Academy (Concourse, Cadets' Station, Mariners' Building). Changes shall be announced accordingly.

2.2.1 Academic Year Structure

The academic year begins in June and ends in April. Classes are divided into two (2) semesters:

- 1st Semester: June to October
- 2nd Semester: December to April

Adjustments to these periods may occur due to internal and external factors.

The start of the onboard training of cadets will depend on the schedule of the training vessels.

Schedule of Classes

- Academic Classes: Mondays to Fridays, 0800H-1200H; 1300H-1700H
- Nihongo Class: Sunday afternoon, upon berthing of cadets
- National Service Training Program (NSTP) I: Mondays to Fridays (1st year, 1st Semester)
- NSTP II: Saturdays for community-based activities, 0800H-1700H (1st year, 2nd Semester)
- Basic Training (BT): Saturdays, 0800H-1700H (2nd Year)
- Makeup classes may be arranged on weekends, from 0900H- 1200H, or before Study Hours after consultation with the Department Head

2.2.2 School Activities

The following are the regular school activities of NTMA:

- Pre-Enrollment Briefing (PEB) for cadet aspirants and Parents/Guardians
- NTMA Founding Anniversary
- Commencement Exercises
- Christmas Gathering
- Speechfest
- Mariners' Day and Night
- Sportsfest
- Academic Achievement Day

These activities and related events are planned ahead of schedule but are subject to changes. Changes shall be announced accordingly.

2.3 ADMISSION CRITERIA

The NTMA admission process is designed to identify and enroll cadets who demonstrate the potential to become competent and responsible maritime professionals.

NTMA admission requirements are above the requirements stipulated in the Joint CHED-MARINA Memorandum Circular (JCMMC) 01, s. 2023.

2.3.1 Qualification Requirements

- Graduate of Senior High School
- Strong academic performance, particularly in subjects relevant to maritime studies such as mathematics, science, and English.
- Not more than 22 years old upon enrollment

2.3.2 Admission Process

- Complete the application form available on the Academy's website
- Take the NTMA Entrance Exam
- Participate in an interview
- Attend Pre-Enrollment Briefing (PEB)
  NTMA holds the PEB for cadet aspirants and their parents/guardians to explain cadet life and financial obligations. The briefing stresses the importance of a firm commitment to joining the Academy. Aspirants also take the Neuropsychological exam and Uchida Kraepelin Test, tour the facilities, and dine with current cadets.

- Undergo physical and medical examinations (including pregnancy tests for women) as follows:
  - Personality and Aptitude Test
  - Color Blind Test
  - Audiometry
  - Eyesight (standard is 20/20 visual acuity)
- The Admission Committee reviews all applications, entrance exam results, interview performance, and medical examination results to identify the qualified candidates for enrollment

2.4 PROGRAM ENROLLMENT

2.4.1 New Cadets' Orientation

Incoming 1st-year cadets participate in a one-week Immersion Period that allows them to become familiar with campus life and prepares them for life onboard the ship.

Cadet aspirants submit all required admission documents, including birth certificates and school credentials (Form 138 Report Card for senior high school graduates or Transfer Credentials for college students) and approved Student Loan Assistance Fund (SLAF) or cash check payment for school fees.

Successful applicants receive an official letter of admission and further instructions for enrollment.

Cadets' Orientation is continued wherein NTMA policies, rules, and regulations are discussed.

2.4.2 Block System

In assigning cadets per section, the Academy adopts a Block System wherein cadets are assigned to a specific section, schedule, and courses following the approved curriculum for the degree program.

Section assignments will be changed in the 2nd-and 3rd-year levels to strengthen the cadets' leadership and interpersonal relationships. Class schedules may also be revised as needed.

2.4.3 Enrollment Process

Cadets cannot enroll in any course without passing the pre-requisite course (s).

Cadets must obtain an Enrollment Form from the Office of the Registrar after completing academic and administrative clearances, including onboard training requirements. Clearances must be completed within ten school days after final exams. Cadets then complete the Enrollment Form and pay the necessary fees.

A cadet may enroll within seven (7) school days after classes start if the NTMA President approves it for a valid reason.

2.4.4 Shifting of Degree Program and Cross Enrollment

Shifting degree programs and/or cross-enrollment to another educational institution is not allowed. Units earned from other schools will not be given credit at the Academy.

2.5 ACADEMIC REQUIREMENTS

To pass a course, a cadet must comply with the following academic requirements:

- Summative Assessment (Major Examination/Course Outcome Assessment)
- Performance Assessment
- Quizzes or other forms of formative assessment of learning
- Reports or other requirements of the course

A cadet who fails in any summative assessment of any grading period shall be informed by the concerned faculty handling the course. The cadet may be required to undergo tutorial or rework sessions.

2.5.1 Assessment

Each semester, there are three (3) major examinations: Preliminary (Prelim), Midterm, and Final. The examination schedule is posted in the common areas and the NTMA official Skype Group only for the cadets' information. If the platform does not work, the VPAA is responsible for ensuring the schedule is relayed to the cadets.

2.5.2 Grading System

NTMA's grading system is based on the cadets' academic performance measured through formative and summative assessments using written,

oral, or performance tests, or a combination of any or all of these, depending on the Learning/Course Outcomes.

NTMA uses a percentage grade, and the passing grade is 60% or higher. Grades are reported during the Prelim, Midterm, and Pre-final periods. The final grade is calculated as follows:

Prelim : 20%
Midterm : 30%
Pre-final : 50%
Total : 100%

Example calculation:

	Reported Grade	Percent Weight	Percent Grade
Prelim Grade	65	20%	13.00%
Midterm Grade	68	30%	20.40%
Pre-final Grade	70	50%	35.00%
Final Grade			68.40%

2.5.3 Re-sit Examination

Cadets will be required to take a "one-time" re-sit after rework was carried out within five (5) school days after the final examination week. If the cadet passes this test, the final grade will be 60.00%, regardless of the score earned from the re-sit.

2.5.4 Incomplete Grade

An incomplete grade (INC) in the Final grading is given if the cadet fails to take the final exam of a course. No clearance will be given unless the cadet takes the said final exam within one (1) year. If the cadet earns a passing Final Grade after the enrollment of the succeeding semester, he/she will be allowed to enroll in the succeeding semester of the next academic year. If the cadet fails his/her Final Grade, he/she will be treated as a case of academic deferment, that is, his/her enrollment will be in the same semester where he/she failed the course of the next academic year.

An incomplete grade is the rating for an outstanding final assessment if due to medical reasons. Cadets on medical leave are given one (1) year to comply.

2.6 SCHOOL FEES

All payments for school fees are recorded in a monitoring form issued to each cadet.

2.6.1 Breakdown of Fees

- **Tuition Fees**

  Payment for academic courses on a per-unit basis

- **Miscellaneous Fees**

  Include registration, school publication, athletic fee, Knowledge Resource Center fee, medical and dental services, supplementary learning materials, central computer fee, guidance and counseling services, student organization, audio-visual room use, medical insurance, and development fee/flexible learning fee

- **Other School Fees**

  Include NSTP, Laboratory, Lecture (institutional requirements), and Cadet Enhancement Fees

- **Board and Lodging Fees**

  Cover accommodation, meals (Monday to Friday, Saturday breakfast, and Sunday dinner), and laundry of linens

- **Other Fees**

  Cover fines for late book returns (from the Knowledge Resource Center), loss or damage of school property, ID card replacements, Comprehensive Examination, and purchases within the Academy; also includes school uniforms, supplies, and a laptop (if availed)

2.6.2 Payment Plans

- Full payment upon enrollment
- Two installments per semester (upon enrollment and before midterms)

- Four installments per semester (upon enrollment, before preliminary, midterm, and final exams)

- Monthly installments within a semester

2.6.3 Payment Methods

- Payments to the Cashier in the Administration Building or via bank deposit

- Fund or bank transfer to NYK Transnational Institute Foundation, Inc. (NTIF)

- Check payments are valid only after clearing; credit cards and traveler's checks are not accepted

- A daily surcharge of 0.05% for overdue accounts; returned checks are charged accordingly

- Payment shall be made only to NTMA or NTIF. NTMA does not authorize employees who are not from the Finance Center, or cadets to collect funds from other cadets for whatever reason.

2.6.4 Financial Assistance

NTMA offers the Student Loan Assistance Fund (SLAF) which covers tuition, miscellaneous fees, and board and lodging fees.

A cadet must not fail the academic requirements to continue SLAF availment.

- **Termination and Repayment**

  The loan agreement will be terminated immediately if a cadet resigns or is dismissed, and the outstanding loan amount plus interest will become due and payable upon termination.

  For suspended cadets, the loan agreement, including interest, will continue to be in force during the suspension period.

  NTMA will withhold the cadet's records until the cadet has settled at least 50% of the total outstanding SLAF obligation and has signed a duly notarized Promissory Note indicating the payment terms for the remaining 50% balance.

- **General Loan Agreement (GLA) Compliance**

  Cadets under SLAF must contribute to the Parent-Cadet Fund (PCF). This amount shall be used exclusively for the borrower's onboard training requirements. Any remaining balance shall be distributed and returned to the cadet-borrower before onboard training exclusively with NYK-Fil Ship Management, Inc. (NSMI)

  Cadets under SLAF must render a minimum of 60 months of sea service as regular crew onboard NYK Line-owned and/or managed vessels. Non-compliance shall result in the termination of the GLA and the outstanding loan amount plus interest at the time of termination is due and demandable.

For further details, contact the Office of the Registrar or the Office of the SLAF.

2.6.5 Withdrawal Policy

In case of enrollment withdrawal, resignation, or approved Leave of Absence, a cadet is liable to pay applicable school fees for the enrolled semester, as follows:

- Within the first week after the start of classes: 25% of the total tuition, miscellaneous, and board and lodging fees
- Within the second week after the start of classes: 50% of the total tuition miscellaneous, and board and lodging fees
- After the second week after the start of classes: 100% of the total tuition miscellaneous, and board and lodging fees
- 100% of the cost of school uniforms

A suspended or dismissed cadet must pay 100% of the applicable school fees for the enrolled semester.

This policy applies to all cadets (cash payer or under SLAF), regardless of whether or not the cadet has attended classes.

2.7 ATTENDANCE AND PUNCTUALITY

2.7.1 Attendance Policy

Cadets must be inside the classroom before classes start. They must attend all scheduled classes and laboratory activities unless excused. They are responsible for all missed academic requirements.

2.7.2 Absence Policy

Cadets who are absent for more than 20% of the class/laboratory periods will fail the course. Medical absences require a physician's certificate.

Compassionate leave for up to seven (7) days is allowed for the death of an immediate family member (parents/siblings). For other relatives, approval from the VPAA is needed.

Official functions approved by the Academy are excused absences.

However, absences do not exempt cadets from course responsibilities.

A grade of FA (Failure due to Absence) will be reflected in the Official Transcript of Records. The course cannot be dropped or withdrawn after receiving this grade.

2.8 LEAVE OF ABSENCE (LOA)

An LOA is an approved interruption of a program for one academic year due to special circumstances. Cadets must apply in writing to the Office of the Registrar and have the NTMA President approve the application.

2.8.1 Academic Deferment (AD)

Cadets may apply for a one-time academic deferment (AD) before the Preliminary Examination if personal reasons are likely to negatively affect their academic performance.

2.8.2 Medical Deferment (MD)

Cadets may apply for a medical deferment (MD) if medical conditions prevent them from meeting academic and extracurricular requirements, as certified by the Transnational Medical and Diagnostic Center (TMDC) or its accredited medical facility accredited by the Department of Health (DOH). If not voluntarily applied for, the Academy may mandate a compulsory MD based on medical findings, allowing the cadet one (1) year to recover.

2.9 ACADEMIC SUSPENSION AND DISMISSAL

Academic suspension and dismissal are measures NTMA to ensure that cadets meet the required academic standards of the Academy.

2.9.1 Academic Suspension

A cadet who fails one (1) course in a semester will be suspended for one (1) academic year and must retake all courses from that semester upon return. Access to campus facilities and services will not be allowed while on suspension.

A cadet on suspension must submit a project that addresses their academic challenges and outlines a plan for future success. NTMA will assign an Advisor to monitor the cadet's development.

The project must be submitted at least one (1) month before the cadet can apply for re-enrollment. Late submissions may delay the cadet's return to the Academy. The cadet must submit a formal application for reinstatement, together with the endorsement of the Advisor, for the approval of the President.

2.9.2 Academic Dismissal

A cadet who fails in two (2) or more courses, or more than six (6) units in a semester will be dismissed from NTMA. The cadet is formally notified of the dismissal, including the reasons and the effective date. A dismissed cadet will not be allowed to reapply to the Academy.

2.10 ONBOARD TRAINING

After the Completed Classroom Instruction (CCI), cadets undergo onboard training in their 4th year.

2.10.1 Training Requirements

Cadets are required to complete the structured onboard training program for a total of 12 months:

a. Training ship 3 months
b. Regular cargo ship 9 months

2.10.2 Evaluation and Grading

Cadets are required to complete the following while onboard:

a. Training Record Book tasks
b. Cadet STARS tasks
c. Sea projects (completed while the cadet is onboard)

c.1 Training Ship

Third month – 25% of the total number of projects (except those projects related to cargo operation)

c.2 Regular Ship

Third month – 50% of the total number of projects
Sixth month – 100% of the total number of projects

d. 180-day watchkeeping with certificate
e. Daily Journal

2.10.3 Reporting and Documentation

Cadets must report to NTMA within two (2) working days after arrival for debriefing, processing their documents, and obtaining the schedule for their Post-Onboard Assessment and Comprehensive Examination.

Cadets who cannot comply with all the onboard training requirements will be required to complete the requirements on their account within one (1) year; otherwise, they will be considered failed in onboard training.

2.11 GRADUATION REQUIREMENTS

Cadets are eligible to graduate if they have:

2.11.1 Completed the Post-Onboard Assessment
2.11.2 Passed the Comprehensive Examination
2.11.3 Cleared all financial obligations (excluding SLAF)

Necessary clearances must be obtained from all relevant departments and submitted to the Office of the Registrar.

2.12 SCHOLASTIC STANDING AND PERFORMANCE

2.12.1 Cadet Scholastic Ranking

Scholastic Standing refers to the ranking of the cadet based on his/her performance in the academic requirements and Exit Competencies of the maritime program. This is the basis used for conferring special awards to deserving cadets and is computed as follows:

Academic Performance		**50%**
Cumulative General Weighted Ave.	30%	
Onboard Training Performance	20%	
Exit Competencies		**50%**
Technical Skills	10%	
Engagement Skills	20%	
Values	20%	
Total		**100%**

2.12.2 Scholastics Honors and Awards Criteria

Academic Performance		**50%**
Cumulative General Weighted Ave.		
Exit Competencies		**50%**
Engagement Skills	25%	
Values	25%	
Total		**100%**

Non-Graduating Cadets

a. Honor List

Given to the 1st, 2nd, and 3rd Year cadets who garnered a weighted average scholastic grade of 84.00% or above in a semester.

Cadets are ranked according to their academic performances and exit competencies at the end of the Academic Year.

The top 20 ranking cadets of each Program are eligible for the NYK Incentive, which grants 100% free tuition for the Top 1 to 5; 75% discount for the Top 6 to 10; 50% discount for the Top 11 to 15; and

25% discount for the Top 16 to 20 for their performances during their 1st and 2nd year levels.

b. Honor Pin

Given to cadets who are on the Honor List for one (1) academic year:

b.1 Sextant Honor Pin - given to BSMT cadets with a grade of 84.00% or higher for the first time.

b.2 Sirius Honor Pin - given to BSMT cadets with a grade of 84.00% or higher for the second time.

b.3 Polaris Honor Pin - given to BSMT cadets with a grade of 84.00% or higher for the third time.

b.4 Propeller Honor Pin - given to BSMarE cadets with a grade of 84.00% or higher for the first time

b.5 Boiler Honor Pin - given to BSMarE cadets with a grade of 84.00% or higher for the second time

b.6 Main Engine Honor Pin - given to BSMarE cadets with a grade of 84.00% or higher for the third time

c.1 Deck Cadet of the Batch - given to a non-graduating cadet who garnered the highest average in all technical courses of the BSMT of the Batch with a grade not lower than 70.00% in any technical course.

c.2. Engine Cadet of the Batch - given to a non-graduating cadet who garnered the highest average in all technical courses of the BSMarE of the Batch with a grade not lower than 70.00% in any technical course.

d. Special Awards for the Year

Bestowed to a cadet for outstanding performance in a particular in-school activity involving Math, Science, English, Sportsfest, Debate, Collab Champion, etc., or represented the Academy in external activities and/or brought honors to the Academy.

Likewise, NTMA may bestow Innovation Awards to cadets who take the challenge of advancing or innovating systems or approaches that enhance the welfare of NTMA or its community.

d. Merit Achievement Award

Given to the cadet who has accumulated the highest total merit points in one (1) year.

Graduating Cadets

a. Academic Medal of Honor

Given to graduating cadets whose general weighted average academic grade falls within the range, must not have any grade lower than 70% in any course, and must have maintained an average weighted academic grade of 75% or above in any semester of the Academic Year that they have been in NTMA.

a.1	Summa Cum Laude	91.00% - above
a.2	Magna Cum Laude	87.00% – 90.99%
a.3	Cum Laude	84.00% – 86.99%

b. Special Awards

b.1 NYK-TDG Award of Excellence - given to a graduate who garnered outstanding Academic performance and exemplified NTMA's Exit Competencies (Transformative Maritime Leader). The awardee is selected by the Board of Trustees after a panel interview and deliberation.

b.2 Chairperson's Award - given to a graduate or graduates who garnered outstanding Academic performance and demonstrated exemplary management and leadership skills. The awardee is selected by the Chairperson of the Board of Trustees after a panel interview.

b.3 Award of Distinction in Onboard Training - given to a graduate of BSMT and BSMarE who garnered the highest grade in the onboard training and did not receive any Notice of Offense (NOO) onboard.

c. Non-Academic Awards

c.1 Leadership Award - given to a graduate who excelled in campus organizations, with no Major Offense and Honor Code violation.

c.2 **Best in Athletics** - given to a graduate who excelled in Athletics during his/her entire stay in the Academy.

c.3 **Award of Distinction in Journalism** - given to a graduate who has managed effectively and efficiently the campus paper or contributed significant articles, write-ups, and multimedia production materials.

c.4 **Award of Distinction in Performing Arts** - given to a graduate who has exceptional talent and dedication and showed exemplary performance in his participation and/or management through dance, singing, productions, or other related artistic endeavors.

d. Other Special Awards may be given to recognize a graduate's exemplary performance.

All Cadets

Presidential Award - given to a cadet from any level who has shown a selfless or courageous act beyond and above the call of duty that benefited others or made outstanding contributions to the fulfillment of the Academy's Vision and Mission**.**

CHAPTER 3

TRANSFORMATIVE MARITIME LEADERSHIP DEVELOPMENT PROGRAM

Transformative maritime leadership is more than just commanding a ship or managing a crew. It involves leading with a forward-thinking mindset, challenging existing norms, and driving positive change in the maritime industry. A transformative maritime leader is proficient in technical skills and embodies professionalism, responsibility, and a commitment to continuous improvement, even during challenging situations.

3.1 PROGRAM FRAMEWORK

NTMA's transformative maritime leadership program is holistic, focusing on technical skills, engagement skills and values.

3.1.1 Leadership and Management

Leadership training is part of a cadet's education, starting with their first year at the Academy. As cadets, they will learn about leadership in classes and have many opportunities to practice it through cadet organizations, training exercises, or group projects. Cadets perform watchkeeping duties on campus to familiarize themselves with the onboard practice of standing on watch which is critical to the safety and security onboard the ship. These experiences will help them build their confidence and teach them to work with others and make decisions.

Management skills must be developed alongside leadership skills. They are essential to effectively leading and coordinating a team. The training covers delegating, managing projects and time, resolving conflicts, empathizing, and thinking strategically.

3.1.2 Critical Thinking and Problem-Solving

Identifying issues and finding effective solutions are included in the training to develop the critical thinking and problem-solving skills of the NTMA cadets. Analyzing real-world maritime incidents provides the cadets with an opportunity to develop problem-solving strategies.

Cadets are exposed to hands-on simulations and classroom activities that present them with challenging situations that encourage critical analysis and effective decision-making.

3.1.3 Communication and Collaboration

Cadets learn how to convey information, expectations, and outcomes, both verbally and in writing, using the English language correctly, individually or as a team.

Cadets collaborate when they work together to reach the targeted goal. It involves sharing ideas, resources, and responsibilities to produce results that benefit everyone.

Cultural intelligence, or cultural quotient (CQ), is the ability to relate to others and interact effectively across cultures. Experiences gained by cadets from their exposure to the Yusen Mirai Project of NYK Line enable them to learn their Japanese counterparts' cultural norms, values, and behaviors (Annex C).

Exercises and role-playing activities are designed to strengthen cooperation and collaborative problem-solving.

3.1.4 Emotional Intelligence and Resilience

Emotional intelligence and resilience help cadets manage stress and maintain mental well-being. The Academy conducts stress management workshops and emotional intelligence training to help cadets understand and manage emotions, develop empathy, and build strong interpersonal relationships.

3.1.5 Mentorship

NTMA faculty members play an important role in mentoring cadets. Through one-on-one interactions and group sessions, instructors can provide guidance and advice, helping cadets understand how to lead.

3.1.6 Ethical Decision-Making and Integrity

Cadets are taught to lead with integrity, respect diversity, and create a positive and inclusive culture where everyone feels valued and supported. Ethical leadership is essential in building trust and maintaining morale.

The training for this attribute involves exercises and situational analysis, whereby cadets consider the impact of their decisions on all stakeholders and how to ensure that the actions are fair, responsible, and respectful.

3.1.7 Innovation and Continuous Improvement

NTMA encourages cadets to think critically about current practices and to look for ways to improve them.

Further, NTMA promotes the culture of innovation among cadets. They are highly encouraged to participate in deep dive techniques to solve complex issues affecting the Academy or its community.

3.2 ASSESSMENT, EVALUATION, AND FEEDBACK

Cadets are evaluated on their transformative maritime leadership skills through a combination of observations, practical assessments, and feedback from peers and instructors.

NTMA uses a grading rubric that outlines the criteria for evaluating technical and engagement skills and values through self-assessment, evaluation by NTMA advisers, and the OVPCA.

In the process, cadets get to identify their progress and areas for improvement annually.

3.3 PROGRAM OUTCOMES

NTMA graduates leave the Academy with a deep understanding of the complexities of maritime operations, the skills to navigate them, and the leadership qualities needed to inspire and drive change. NTMA graduates are equipped to:

- Lead with vision and purpose in any situation
- Contribute to the innovation of the rapidly changing landscape of the maritime industry
- Foster a culture of safety, teamwork, and continuous improvement
- Practice the standard of professional conduct and ethics
- Contribute to the growth and sustainability of the global maritime industry
- Comply with the Program Outcomes of the JCMMC 01, s. 2023:
  - Demonstrate the competence to perform the functions pertaining to navigation, cargo handling, and stowage, controlling the operation of the ship, and care for persons on board under Table A-II/1 and acquire some knowledge and understanding under Table A-II/2 of the STCW Code;

- Demonstrate the competence to perform the functions pertaining to marine engineering, electrical, electronic and control engineering, maintenance and repair, and controlling the operation of the ship and care for persons on board under Table A-III/1 and acquire some knowledge and understanding under Table A-III/2 of the STCW Code;
- Engage in lifelong learning and understanding to keep abreast of the developments in maritime practice;
- Work independently and in multi-disciplinary and multi-cultural teams;
- Practice professional, social, and ethical accountability and responsibility;
- Apply knowledge in mathematics, science, and technology in solving problems related to the profession and the workplace;
- Evaluate the impact and implications of various contemporary issues in the global and social context of the profession;
- Use appropriate techniques, skills, and modern tools in the practice of the profession to remain globally competitive; and
- Contribute to the existing body of knowledge through research or other forms of creative discourse and innovative works.

CHAPTER 4

CADET LIFE, CONDUCT, AND ETHICAL DEVELOPMENT

4.1 LIVING ENVIRONMENT

All cadets are required to stay in the dormitory on campus during school days. NTMA is committed to creating inclusive communities and providing a residential living environment that supports each cadet's educational, social, and personal development. This requirement is also designed to prepare cadets for life onboard, where they will live and work in close quarters with others. The Academy provides separate dormitory buildings for men and women cadets to ensure a comfortable and supportive environment. While the Academy provides separate dormitory buildings for men and women cadets, all programs and other facilities are to be used by all cadets. The Classrooms and the work group areas are to be used as special laboratories for engagement and the practice of leadership across gender, age, regional, status, and cultural differences.

4.1.1 Dormitory Life

Dormitory life is central to the cadet experience, involving personal responsibility and communal living. A cadet will share a room with three (3) other cadets belonging to the same year/batch. Changing room assignments in the Dormitory is not allowed unless authorized by the VPCA.

Each cadet is provided with a locker, bunk, and a complete set of berthing essentials including a mattress, linens, and pillow. Cadets must bring school supplies, which they can purchase on their own or through the Academy, including pens, paper, notebooks, calculators, drawing materials, and plotting instruments. At a minimum, personal items listed in Annex E are the responsibility of the cadet who must bring these when berthing. Cadets may bring their laptops or avail themselves of the laptop loan program of the Academy. All laptops should be inspected by the IT Office and conform to the Academy's IT Policy.

Cadets are responsible for maintaining their dormitory rooms' cleanliness and orderliness and report any maintenance concerns to the Cadet Coordinating Officer (CCO). The CCO shall conduct daily inspections to ensure compliance with cleanliness standards.

4.1.2 Common Areas

Shared spaces are designed to foster community and provide areas for relaxation and study. Common areas, such as classrooms, toilets, shower rooms, lounges, the Knowledge Resource Center, the music room, the gymnasium, the fitness center, and gardens, should be used respectfully. After use, ensure these spaces are left tidy and free of personal belongings, and report any damage issues in common areas to the CCO. Cadets are advised to follow posted guidelines for the use of these areas.

4.1.3 Safety and Comfort

Ensuring a safe and comfortable living environment is crucial for all cadets. Cadets should familiarize themselves with emergency exits and procedures and follow all safety protocols, including participating in regular safety drills and reporting hazards to the OVPCA or NTMA personnel.

For the safety of the cadets, dormitory buildings are equipped with CCTV in hallways and common areas, except inside the cabins, for privacy. No cabins will be locked at night.

4.1.4 Quiet Hours/Lights Out

Quiet hours are designated times to promote rest and academic focus. The lights out is from 2200H to 0530H. Cadets may request permission from the CCO, for early or late lights solely for academic reasons or school-related activities as approved. Cadets who are granted late light privileges are allowed only until 2330H while early lights are from 0400H-0530H. Venue for late/early lights shall be subject to the approval of the OVPCA. Lights out schedule will remain in effect during weekends.

Noise levels must be kept to a minimum during these times.

4.2 CADET WELL-BEING

The well-being of the cadets is very important in preparing them for their life onboard. NTMA ensures the physical, mental, and emotional fitness of cadets through the following:

4.2.1 Medical and Dental Services

Cadets have access to on-campus medical services for routine and emergency care. A nurse is on duty 24/7 while a dentist and a doctor are on site once a week for consultation services or available on-call.

Cadets must undergo medical and dental examinations by TMDC or any of its accredited clinics before every enrollment. Cadets must declare physical and medical conditions that may affect their studies in NTMA. If TMDC certifies that the condition will not affect their studies, they will be allowed to enroll. The Academy will provide medical information to the parents or guardians with the written consent of the cadet.

4.2.2 Guidance and Counseling Services

NTMA provides counseling services to cadets who are experiencing personal and academic challenges. A Guidance Counselor is available on campus for individual or group sessions to address any mental health-related concerns.

Cadets are likewise required to undergo annual psychological tests to evaluate their mental health:

a. 1st Year	College Adjustment Scale
b. 2nd Year	Bar-On Emotional Quotient Inventory
c. 3rd Year	NEO- Personality Inventory 3
d. All cadets	Depression, Anxiety, Stress Scale (DASS-21) test, and/or the Beck Depression Inventory Test

Results are interpreted, evaluated, and used in developing programs to improve the cadets' mental and emotional well-being.

4.2.3 Physical Fitness

Regular physical activity is essential for maintaining overall health. As required by CHED, 1st and 2nd year cadets must take the Physical Activity Towards Health and Fitness (PATHFit) courses.

1st year : PATHFit 1 - Movement Competency Training (1st Sem)
PATHFit 2 - Exercise-based Fitness Activities (2nd Sem)

2nd year : PATHFit 3 - Basic Swimming (1st Sem)
PATHFit 4 - Advanced Swimming (2nd Sem)

All cadets must participate in the Physical Fitness Program (PFP) designed by the OVPCA as part of their daily routine. This includes but is not limited to calisthenics, road runs, nutrition, and weight management programs.

This maximum 30-minute morning PFP is designed to provide an effective workout that promotes overall health and prepares cadets for the day ahead. The activities are engaging and tailored to support general fitness and maritime-related skills development. The PFP will be designed with different activities per day. The OVPCA will manage the PFP.

Cadets who are sick are excused from the PFP after securing an excuse slip from the Nurse, who will submit the slip to the OVPCA.

4.2.4 Emotional Health Services

Emotional health services at NTMA are designed to support cadets in managing their emotional well-being, fostering resilience, and promoting a positive and supportive environment. These services provide essential resources and programs to help cadets navigate the emotional challenges that may arise at the Academy.

In addition to counseling support from the Guidance Counselor, cadets can reach out to their peers for support and share experiences, helping to create a sense of community and mutual assistance.

The Alumni Mentorship Program, a coaching and mentoring program spearheaded by the NTMA Alumni Societas (NAS), links current cadets with Academy alumni who can offer guidance, support, and insights based on their own experiences. Alumni mentors provide valuable academic, professional, and personal advice, helping cadets navigate their journey with confidence and perspective.

4.2.5 Spiritual Services

NTMA recognizes the importance of spiritual well-being in the holistic development of its cadets. Spiritual and nourishment services are available to support cadets' diverse needs and foster an environment of respect, inclusion, and personal growth.

Cadets are encouraged to practice their religion or spiritual beliefs in a manner that is aligned with their values. The Academy is committed to maintaining an environment that respects the religious and spiritual beliefs of all the cadets. NTMA has a prayer room that can be used by all cadets.

4.2.6 Cadet Safety and Security

NTMA is a boarding school that values the safety and security of its cadets. The OVPCA plays a major role in this commitment by overseeing safety measures and security protocols.

Security and Safety Officers (SSO)

The SSO is responsible for safeguarding the cadets' safety and security and likewise ensures that emergency protocols related to safety and security are always adhered to and conducts regular safety assessments.

Any incidents or concerns shall be reported by the SSO to the CCO.

4.3 CADET DAILY ROUTINE

The daily routine at the Academy is designed to provide structure, promote discipline, and ensure a balanced lifestyle for all cadets. The routine includes a mix of academic commitments, physical fitness, personal time, and community activities to foster personal growth, camaraderie, and academic excellence.

4.3.1 Daily Schedule

The daily schedule ensures that cadets balance their academic, physical, and personal responsibilities effectively.

The CCO is assigned to coordinate the daily activities of the cadets, under the direct supervision of the VPCA:

- Ensures that the daily activities, physical fitness programs, and projects of the cadet organization and clubs follow the Academy's policies and guidance;

- Maintains open communication with the cadets, allowing them to freely express their ideas and solicit feedback for improvement; and,

- Ensures a safe and harmonious learning environment for the cadets, allowing them to focus on their academic activities, have meaningful learning experiences, build camaraderie, and enjoy life in the Academy.

The following is the daily schedule of activities of cadets:

Mondays

0530H	Wake-up Call
0545H	PFP
0615H	Clean Cabin/ Dormitory Common Areas Personal Necessities
0700H	Breakfast
0745H	Morning Colors
0800H -1200H	Classroom Instruction
1200H	Lunch
1300H-1700H	Classroom Instruction
1700H	Dinner
1800H-2200H	Study Hours/ Administrative (Admin) Time/ Club Activities
2200H	Lights Out

Tuesdays - Fridays

0530H	Wake-up Call
0545H	PFP
0615H	Clean Cabin/ Dormitory Common Areas Personal Necessities
0700H	Breakfast
0800H -1200H	Classroom Instruction
1200H	Lunch
1300H-1700H	Classroom Instruction
1700H	Dinner
1800H-2200H	Study Hours/Admin/Club Time/ Meeting with Class Advisers (per Class schedule)
2200H	Lights Out

Sundays

1700H	Dinner
1800H-2200H	Study Hours/Admin/Club Time
2200H	Lights Out

During classroom instruction hours (0800H-1200H and 1300H-1700H), cadets are not allowed to stay in their dormitory. Cadets' vacant hours can be spent studying, doing assignments, or other engagement activities.

After 1800H, cadets are not allowed to enter and stay in the cabin of other cadets. They are required to stay in their respective cabin from

lights out to wake-up call, except for personal necessities or emergencies.

Cadets who are allowed to go on Liberty can leave the Academy on Fridays at 1700H or earlier, depending on their academic classes, or as early as 0600H during weekends. Cadets are required to return to the Academy on or before 1700H for safety reasons, except if they have classes.

4.3.2 Mealtimes

Cadets are provided with three (3) balanced meals a day (breakfast, lunch, and dinner) from Monday to Friday, breakfast on Saturday, and dinner on Sunday. Meals are served at the Cafetorium at a designated time. Cadets are required to attend meals according to schedule and adhere to the dining facility rules.

Cadets are encouraged to sit anywhere during mealtimes as opportunities to socialize and build relationships with fellow cadets and faculty. Cadets should observe proper table etiquette and manage food intake.

Cadets will be provided with snacks in coordination with the Cadet Support Services Hub during the preparation and duration of school events.

4.3.3 Study Hours

The daily schedule provides Cadets sufficient time to study and complete their academic requirements. Hence, cadets are encouraged to manage their time efficiently.

Cadets can also use the study hours, from 1800H to 2200H, for group study, peer teaching, and tutorial activities.

4.3.4 Extracurricular Activities

NTMA recognizes the importance of extracurricular activities in enriching the cadet experience. These activities provide cadets with opportunities to develop leadership skills, foster teamwork, enhance personal growth, and build a sense of community. These activities complement the academic programs by offering a balanced and well-rounded education.

A cadet must join at least one (1) organization and is expected to commit to the chosen activities, attend meetings and practices as scheduled, and contribute positively to the organization.

A wide range of extracurricular activities are available, including sports, clubs, and special interest groups. The list of cadet organizations is attached as Annex D.

Recognition of New Cadet Organizations or Special Interest Groups.

The following conditions are the requirements for recognition of a new club:

- Must support academics, civic, or cause-oriented objectives
- At least 15 members
- Must have a proposed Constitution or By-Laws aligned with the Vision, Mission, and Quality Objectives of the Academy
- Proposed calendar of activities for one academic year

The OVPCA shall initially review the proposed club's qualifications and, if qualified, submit a recommendation to the Management Team for review, deliberation, and approval by the NTMA President.

Cadets may also form other groups following their special interests for the approval of the President and subject to the following criteria:

- At least five (5) members
- Proposal that includes the specific interest to be done by the group with the purpose, objectives, and list of activities for one (1) academic year
- Aligned with NTMA Values

No membership fees shall be collected from any cadet organizations or special interest groups. The collection of fees that will be used for projects or activities shall be subject to the approval of the NTMA President.

4.4 CADET PROTOCOLS

Cadets are responsible for developing intrapersonal and interpersonal behavior, upholding personal integrity, and acting professionally.

An NTMA cadet should stand out by how they look, speak, and act. An NTMA cadet must:

- Observe proper hygiene

- Exhibit good posture
- Wear uniform correctly and with pride
- Communicate clearly and effectively

4.4.1 Dress Code

a. Uniform Standards

Cadets should be in uniform standard while in the Academy. This includes being clean-shaven, with the proper haircut, clean uniform, proper footwear, and if required, the correct jacket. The only authorized jackets in uniform are the Academy-issued jackets and raincoats.

The Academy has a dress code that cadets should always observe on days when classes are in session, when attending an official Academy business, or when joining or debarking from their respective ships unless otherwise instructed. The NTMA Dress Code is presented in Annex F.

Cadets' uniforms must be kept clean, properly ironed, well-maintained, and fit properly. Cadets, on their account, will replace their uniforms, insignias, and nameplates when they become unserviceable or no longer conform to NTMA standards.

Cadets must keep their black shoes clean, and sneakers are not allowed during academic classes unless otherwise authorized.

b. Grooming Standards

The following hair standard is necessary to maintain proper grooming among the Academy's corps of cadets (Annex G):

Men Cadets
All Levels: described as barber's cut

Women Cadets
Pixie cut or long hair secured in a bun

For women cadets, all hair, regardless of length, must be maintained or secured so as not to obscure any part of the eyes or face.

c. Personal Hygiene

Cadets must observe proper hygiene including daily showers, brushing teeth, using underarm and foot deodorant, and maintaining well-trimmed nails.

d. General Guidelines

- Wearing earphones inside the Academy is strictly prohibited except for authorized academic activities.
- Wearing sunglasses inside the classroom is not authorized.
- Mobile phones are not allowed during classroom instruction hours. They should be put in the locker and used in silent mode.
- Cadets are not allowed to wear any kind of jewelry, except for wristwatches.
- Appropriate clothing must be worn at all times. Boxer shorts/shorts and sleeveless shirts may only be worn from lights out to wake-up calls. Slippers may only be worn in the dormitory.

4.4.2 Communication Etiquette

Cadets are required to be courteous, polite, and respectful to all members of the NTMA community, including the NTMA Administration, teaching and non-teaching personnel, fellow cadets, alumni, parents/guardians, visitors, guests, and all other stakeholders. They must use the English language appropriately in all communications, and maintain professionalism in emails, conversations, and written correspondences.

NTMA maintains an English-speaking policy for all cadets and personnel. Hence, cadets must speak English anytime and anywhere, except during Nihongo Class. This is in preparation for a career onboard, where all correspondence uses English as the medium.

Aside from the Academy's official email, Skype is the official online chat channel for communication among Cadets, instructors, and personnel. Group chats or social media platforms are not allowed.

4.4.3 Safety Guidelines

a. General Safety

- Wear appropriate safety gear during laboratory activities.
- Follow all safety signs and warnings.

b. Emergency Procedures

- Know emergency exits and evacuation routes.

- Participate in emergency drills.
- Follow instructions from emergency personnel.
- In case of emergencies, cadets may cross dormitories for rescue.

c. Fire Safety

- Keep fire exits clear.
- Know the location and use of fire extinguishers and alarms.
- Avoid using open flames in dormitories.
- Unplug electrical appliances and turn off lights and air-conditioning units when not in use.
- When charging a mobile phone or other electronic device, do not leave it unattended.

d. Water Safety

- Use of the pool is allowed only during the NTMA-prescribed schedule and with the presence of a certified swimming instructor and/or lifeguard.
- Follow rules for water activities.
- Wear prescribed swimming attire.
- Swimming pool must be kept clean and well-maintained.
- Cadets must immediately report to the OVPCA any damage or potential hazards in the pool.

e. First Aid

- Know the location of first aid kits.
- Report injuries immediately.
- Attend basic first aid training.

f. Hazardous Materials

- Handle hazardous materials with care.
- Follow guidelines for handling, storing, and disposing of hazardous substances.
- Use personal protective equipment (PPE).

g. Personal Security

- Keep cabin doors wide open.
- Secure personal items.
- Report suspicious activity to the SSO.
- Use well-lit paths and avoid isolated areas at night.
- Observe the buddy system at all times.

h. Equipment Use

- Operate equipment according to instructions and training.
- Report equipment issues immediately.

- Do not use equipment without supervision from authorized personnel.

i. Health and Well-being

- Use available medical and counseling services.
- Cadets must immediately report to the Infirmary when not feeling well.
- Maintain a balanced schedule and get adequate sleep and rest.
- Stay hydrated and follow nutritional guidelines.
- Smoking is strictly not allowed inside the campus.
- Cadets who are intoxicated or under the influence of alcohol shall not be allowed entry to the NTMA campus. Parents/Guardians will be informed accordingly.

j. Illegal Drugs and Alcohol

- Possession and use of illegal drugs and alcohol are strictly prohibited on campus.

k. Environmental Safety

- Dispose of waste properly.
- Conserve water and energy.
- Participate in environmental conservation activities.

l. Cybersecurity

- Protect personal and Academy information.
- Use only the official NTMA platform to communicate with faculty or fellow cadets
- Use strong passwords and update them regularly.
- Report suspicious emails or messages to the CCO.
- Do not use unauthorized USBs on any of the Academy laptops or computers.

m. S.T.O.P. Card Procedure (STOP, THINK, OBSERVE, PROCEED)

- A vital tool for maintaining safety at NTMA, the S.T.O.P. Card procedure empowers all cadets, regardless of rank, year, or batch, to take immediate action to prevent accidents and injuries, reinforcing that safety is everyone's responsibility.
- Each cadet is provided with a STOP Card, which serves as a tool to halt any unsafe activity.
- A digital version of the STOP Card allows cadets to signal safety concerns electronically if necessary.
- STOP Cards are also available in common areas.
- Cadets have the authority and responsibility to stop any unsafe action, regardless of the situation or the rank of those involved.

- The Academy shall conduct regular simulations/drills and recognize cadets who effectively use the STOP Card to prevent accidents or incidents.

4.5 GENERAL DIRECTIVES, DUTIES, AND RESPONSIBILITIES

Cadets are expected to perform their duties and responsibilities within the Academy and to strictly observe NTMA policies, guidelines and instructions, and Cadet Protocols.

4.5.1 Reporting Procedures

- Immediately report any issues, concerns, or violations to the CCO.
- Immediately notify the CCO of any emergencies or safety hazards.
- Cadets may also use the complaints.qso@ntma.edu.ph. or the Whistle Blower Hotline (+63 998 963 1397) to raise their issues or concerns.

4.5.2 Facility Use

- Use Academy facilities responsibly and as intended.
- Respect the property and equipment of others.
- Damage to any facility or equipment due to cadet's negligence or misuse will be charged to the cadet accordingly.

4.5.3 Interaction Guidelines

- Engage respectfully and productively with staff, faculty, and fellow cadets.
- Collaborate effectively in group settings and support peers.
- Maintain professional interactions at all times.
- Develop strong inspiring bonds founded on responsibility and respect, contributing to a positive and inclusive environment.
- Respect cadet's private spaces and personal boundaries.

4.5.4 Academic Responsibilities

- Complete and pass all academic requirements.
- Maintain academic integrity; plagiarism and forgery are strictly prohibited.

4.5.5 Leadership and Participation

- Take initiative in leadership roles and contribute to team activities.

- Participate actively in community service, co-curricular and extracurricular programs.

4.5.6 Attendance and Punctuality

- Attend all scheduled classes, meetings, and activities.
- Be punctual and inform relevant parties if unable to attend.

4.6 CONDUCT AND ETHICAL DEVELOPMENT

The Academy has established behavior expectations for cadets to foster ethical growth and maintain a respectful, professional, and morally sound environment.

4.6.1 Integrity

- *Be Honest:* Always act with honesty and transparency. Dishonesty, cheating, lying, or unethical behavior are not tolerated.

4.6.2 Respect

- *Treat Everyone Well:* Treat fellow cadets, instructors, and all individuals with respect and courtesy, regardless of rank or background.
- *Manage Conflicts Properly*: Address conflicts responsibly and resolve issues through appropriate channels.
- *Respect Time, Property, and Privacy:* Value others' time, property, and Academy facilities. Adhere to the Data Privacy Policies and Laws.
- *Equality and Support:* Treat all cadets equally and support each other.
- *Honor Diversity:* Acknowledge and respect the diverse backgrounds, religions, perspectives, genders, and ages of fellow cadets.
- *Voice Your Opinions:* Every cadet can voice their thoughts and opinions without fear of retaliation or judgment.
- *Respect for Personal Boundaries:* Refrain from inappropriate touching, lewd gestures, or unsolicited comments about someone's appearance. Not tolerate any form of bullying and/or harassment, including but not limited to verbal, physical, mental, emotional, or sexual harassment.
- *Promote Inclusivity:* Respect diversity, ensure equal treatment for all genders, and actively contribute to a culture of inclusion.

4.6.3 Ethical Decision-Making

- *Make Ethical Choices:* Ensure your decisions align with the ethical principles and values of the Academy, NYK Line, and TDG.
- *Consider Impact:* Consider how your decisions will affect others and the Academy, NYK Line, and TDG.
- *Act Morally:* Strive to uphold moral standards.

4.6.4 Responsibility and Accountability

- *Own Your Actions:* Be responsible for your actions and their consequences.
- *Report Misconduct/Incidents:* Report immediately any misconduct/incidents by a faculty, staff, or fellow cadet, regardless of rank, year, or batch to the Security Officer on duty (1900H-0530H) and/or CCO or call +63 920 948 5518 and cooperate with investigations.
- *Be Reliable:* Fulfill duties and commitments on time and consistently.
- *Uphold Standards: Maintain* the Academy's standards and values.
- *Report Violations:* Immediately report unethical behavior or policy violations to the OVPCA.
- *Understand your responsibility:* Be accountable to your actions.

4.6.5 Character-Building

- *Build Character:* Engage in activities that promote personal and interpersonal growth.
- *Enhance Integrity:* Participate in programs that develop accountability, moral integrity, and self-discipline.
- *Manage Emotions:* Learn to manage your emotions effectively. Being quick-tempered can damage yourself and those around you, so seek ways to stay calm and composed.

4.6.6 Professionalism

- *Share your ideas*: Develop your ideas, and do not hesitate to share them with your superiors. While you should follow their instructions and respect authority, feel free to challenge or question decisions when necessary.
- *Positive Representation*: Present yourself in a manner that reflects positively on the Academy and upholds its values.
- *Beyond Appearances*: Professionalism at NTMA involves more than looks and behavior, it is deeply rooted in values, ethics, and a commitment to personal and professional growth.

- *Maintain Standards*: Be punctual, follow dress codes, and perform your duties diligently.
- *Use of English*: As part of your professionalism, always use English as the primary language of communication. This promotes clarity and prepares you for the global maritime industry.

4.6.7 Leadership and Mentorship

- *Set a Positive Example*: Be a role model, participate in community service, and represent the Academy positively.
- *Mentor others:* Guide and inspire others to create a collaborative and ethical environment.
- *Promote Harmony:* Foster a happy, harmonious, unified, and safe environment in the Academy.

4.6.8 Teamwork

- *Collaborate Respectfully:* Work with peers and subordinates and offer to support and mentor fellow cadets.
- *Support Superiors:* Recognize that superiors can make mistakes, and they should be open to receiving advice from their team members with an open mind to improve teamwork.

4.6.9 Excellence

- *Aim for Excellence:* Strive for the best in academics and training.
- *Commit to Continuous Improvement:* Continuously seek to improve and learn throughout your life.
- *Maximize the development of Engagement Skills and Values*

4.6.10 Safety Conscious

- *Prioritize safety:* Always prioritize safety in all activities and follow safety protocols closely.
- *Speak Up:* Assert or voice your concerns if safety is compromised.

4.7 MERIT SYSTEM

4.7.1 Merit System

The Merit System is designed to uphold the standards of discipline, accountability, and excellence among cadets. This system recognizes and rewards positive behavior and achievements. The ultimate goal is to foster a motivated and disciplined cadet community that adheres to the Academy's values and expectations.

The Merit System provides an environment for cadets to further reach their fullest potential as holistic individuals. This system rewards genuine accomplishments and nurtures personal growth, helping cadets achieve self-actualization.

a. Merit Points

Corresponding merit points are awarded for individual or group efforts for outstanding behavior, achievements, or contributions beyond the basic expectations of cadet conduct. The points can range between one (1) and 50 depending on the meritorious conduct. Merits are reset to zero (0) in the succeeding semester.

Details of the NTMA Merit System and the List of Meritorious Acts with Corresponding Points and Rewards are presented in the Center for Cadet Affairs Procedures Manual.

b. Impact on Standing

Merits directly impact a cadet's standing within the Academy. Positive standing through merits can enhance a cadet's reputation and opportunities. Demonstrating dysfunctional behavior can lead to disciplinary actions and affect eligibility for certain privileges.

Cadets are encouraged to balance their conduct by earning merits. Engaging in positive actions can mitigate the impact of previous rule violations.

c. Rewards

Accumulating merits can also lead to various rewards. The list of rewards that cadets can enjoy is presented in the Center for Cadet Affairs Procedures Manual.

d. Awarding Procedure

Merits are awarded and recorded by the OVPCA. Transparent and fair procedures are in place to ensure the system is applied consistently.

Cadets are informed of the reasons for merits and have opportunities to discuss any concerns with the CCO. Regular updates on merit status are provided to cadets to help them understand their standing.

Rewards from meritorious acts can be redeemed within the semester. Claiming of rewards shall be applied for and approved by OVPCA at least one (1) week before redemption.

4.8 OFFENSES AND DISCIPLINARY SANCTIONS

NTMA cadets are held to high standards of conduct. In the event of an alleged misconduct, the Academy reserves the right to initiate disciplinary proceedings to investigate and determine if a sanction is warranted. The proceedings shall always adhere to due process requirements by allowing the person of interest to be heard for conduct prohibited by law or the rules and regulations issued by NTMA.

An offense is any action or behavior that violates the rules, regulations, or standards set by the Academy, including laws of the land. Offenses undermine the discipline, safety, and integrity of the NTMA community. Understanding what constitutes an offense helps cadets maintain discipline and order, ensuring a respectful and safe learning environment.

4.8.1 Offenses

Offenses in NTMA are classified into three (3): Minor Offenses, Major Offenses, and Honor Code violations.

Minor Offenses are managed by the OVPCA, while Major Offenses and violations of the Honor Code are deliberated and decided by the Management Team with a representative from the cadets in the person of the Chief Superintendent of the Supreme Organization of Cadets (SOC).

a. Minor Offenses

Minor offenses are light offenses about violations under Chapter 4 of this Manual, except on the possession and use of prohibited drugs, which shall be considered a Major Offense.

b. Major Offenses

The following constitutes Major Offenses:

1. Violation of the laws of the Republic of the Philippines that are penal in nature, e.g., Safe Spaces Act, Anti-Hazing Law, and Dangerous Drugs Act

2. Absence without leave and valid reason for five (5) days
3. Insubordination or any act of disobedience to a lawful order issued by any official or personnel of NTMA
4. Defacing any property of NTMA
5. Gambling within the NTMA premises
6. Smoking or drinking alcoholic beverages within the NTMA premises
7. Unauthorized collection of money from cadets
8. Any form of physical assault and/or threats of violence toward others
9. Endangering the safety and security of the Academy and the NTMA community
10. Any act resulting in damage to the reputation of the Academy, e.g., inappropriate use of social media
11. Incite cadets to do activities that will disrupt classes or order in the Academy
12. Habitual and repeated Minor Offense

c. Honor Code violations

Honor Code violations are considered serious infractions that undermine the integrity, trust, and ethical standards of NTMA. These violations, include but are not limited to, acts of academic dishonesty, cheating, plagiarism, lying, stealing, and taking undue advantage of another, shall be deemed a violation of the Honor Code.

Any cadet that condones or tolerates any violation of the Honor Code and other acts constituting offenses shall be subject to disciplinary proceedings.

4.8.2 Disciplinary Sanctions

a. Minor Offenses

For Minor Offenses, the following will be used to hold cadets accountable:

1st offense – Verbal Reminder
2nd offense (same offense) – Written notice and counseling/ advising
3rd offense (same offense) – One-week Restriction

Three (3) written notices of different offenses will result in a one-week restriction.

A verbal reminder can be given only by NTMA personnel but should be reported to the CCO. The CCO should investigate and verify with the cadet and decide whether it is considered an offense or not.

For the 2nd offense, the written notice will outline the behavior that needs to be corrected and the potential consequences of further infractions of the same nature. Even if a written notice was issued, the CCO shall endorse the cadet to the Safe Harbor Hub for counseling/advising.

For the 3rd offense, the CCO shall advise the cadet of the disciplinary measure in writing. The VPCA shall review the Protocol and why a cadet could not follow it and make changes if necessary.

All restrictions shall be imposed by the VPCA.

b. Major Offenses and Honor Code Violations

In cases of Major Offenses and Honor Code violations, the Honor Committee shall gather facts and evidence to support the investigation process.

Depending on the severity of the major offense or Honor Code violation, sanctions may include one of the following:

b.1 Restriction

The cadet may be placed on disciplinary restriction for a specified period, not less than one month but not to exceed one (1) semester. The cadet will not be allowed to go on shore leave during the restriction period.

The restricted cadet is required to complete a project directly related to the nature of the offense. This project allows the cadet to reflect on his/her actions, understand the impact of his/her behavior, and propose constructive solutions to prevent future occurrences. The project should be completed while the cadet is on restriction. The Class Advisor will monitor the development of the cadet.

While the cadet is on restriction, all food expenses not covered by the board and lodging fees shall be charged to his/her account. This applies to the restrictions either for minor or major offenses.

b.2 Suspension

Suspension for one (1) Academic Year, as approved by the NTMA President, will be served outside the Academy, during which the cadet cannot attend classes or participate in Academy activities.

Consequences for Suspended Cadets:

- Disqualification from receiving any award and recognition
- Undergo mandatory counseling
- Disqualification from running for or holding any officer position

During the suspension period, the cadet must complete a project that addresses the offense. This project is designed to encourage cadets to critically reflect on his/her behavior, understand its consequences, and propose constructive strategies to prevent recurrence.

The Management Team will evaluate the project to determine if the cadet has demonstrated sufficient understanding and improvement to return to the Academy. A cadet on suspension will be required to submit a project that addresses their challenges and outlines a plan for future success. NTMA will assign an Advisor to monitor the cadet's status and development monthly.

If the project meets the standards, the cadet may be allowed to return to the Academy under specific conditions, such as continued monitoring by the Advisor. The cadet must submit a formal application for reinstatement, together with the endorsement of the Advisor, for the president's approval.

b.3 Dismissal

A penalty of dismissal shall mean permanent separation from NTMA and denied access to the Academy's premises.

Consequences for Dismissed Cadets:

- Official Transcript of Records will only be released upon settlement of at least 50% of the accountabilities;
- Immediate settlement of any outstanding financial obligations.

NTMA reserves the right to impose additional corrective measures or disciplinary sanctions based on the specifics of each case, ensuring fair consideration of the gravity of the offense, circumstances, and evidence.

4.8.3 Disciplinary Proceedings

No cadet will be suspended or dismissed from the Academy without due process.

a. A disciplinary proceeding may be initiated by filing a complaint with the OVPCA or by the OVPCA's initiative.
b. Upon receipt of the complaint, the OVPCA shall issue a Notice of Offense (NOO) and refer the case to the NTMA Management Team.
c. The NOO shall be sent to the person of interest (POI) and his/her parents/guardians no later than three (3) days from receipt of the complaint.
d. The POI shall submit a written explanation as to why no disciplinary sanction should be imposed against him/her within five (5) days from receipt of the NOO.
e. The hearing shall be scheduled within five (5) days from receipt of the POI's written explanation. The hearings shall last no more than thirty (30) days.
f. If the POI fails to appear at the hearing or submit his/her written explanation without any justifiable reason, such failure shall be considered a waiver of his/her opportunity to be heard. The investigation shall proceed, and the case will be decided based on the evidence.
g. The Management Team shall issue its findings and decisions no later than five (5) days from the date of the last hearing. Any decision of the Management Team to suspend or dismiss a cadet shall be subject to the approval of the Board of Trustees.
h. In both cases, the POI and his/her parents/guardians will receive a copy of the decision.

4.8.4 Motion for Reconsideration

Cadets who are sanctioned with suspension or dismissal may file a motion for reconsideration within seven (7) calendar days.

a. Grounds for Filing for a Motion for Reconsideration

Cadets may submit a written Motion for Reconsideration based on any of the following grounds:

a.1 *Procedural errors*
The correct process was not followed.

a.2 *New Evidence*
New information or evidence that was not available during the original decision-making process has emerged.
a.3 *Unfair sanction*
If the cadet believes that the sanction imposed is excessively harsh or not in line with the offense.
a.4 *Misinterpretation of facts*
If the cadet believes that the facts of the case were not interpreted correctly or fairly.
a.5 Violation of right
If the cadet feels that his/her rights were violated during the deliberation process.

b. Procedure for filing a Motion for Reconsideration

b.1 Submit a written Motion for Reconsideration to the OVPCA within seven (7) calendar days of receiving the sanction. The Motion for Reconsideration should include:
- A clear statement of the grounds for the motion
- Any supporting evidence or documentation
- The outcome that the cadet is seeking

b.2 A Committee comprised of the Management Team, the Chief Superintendent of the SOC, and member/s of the faculty, will review the motion, and consider any new evidence or testimonies. The Committee may request a meeting with the cadet or any other involved parties to gather additional information.
b.3 When a motion is filed, the enforcement of any disciplinary sanction approved by the Board of Trustees shall be deferred by the OVPCA, pending the outcome of the motion.
b.4 The Committee will make a recommendation for approval of the Board of Trustees within 15 days of receiving the motion.

Possible outcomes may include:
- Upholding the original decision
- Modifying the original decision (e.g., adjusting a sanction)
- Overturning the original decision

b.5 There is no further forum for appeal within the Academy structure after the decision of the Board of Trustees.
b.6 The decision will be communicated to the cadet in writing.

4.8.5 Non-Exclusivity Clause

The List of Offenses in this Manual is not exhaustive. Cadets with indirect or passive involvement in offenses may face similar sanctions as those directly committing the offense. This includes:

a. Inciting or encouraging others to commit an offense
b. Acting as an accomplice or accessory
c. Covering up or concealing a wrongdoing
d. Allowing or tolerating acts against the Academy or its community, such as slanderous remarks
e. Failing to report an observed offense within one (1) hour of knowledge. If the safety of anyone in the institution is threatened or compromised, the offense should be reported immediately.

4.8.6 Protocols and Procedures for Offenses Committed while on Onboard Training

If a cadet is repatriated due to an offense committed onboard, with due notice from NYK SHIPMANAGEMENT PTE LTD (NYKSM), the following procedures shall apply:

a. The repatriated cadet shall report to NYK-Fil Ship Management, Inc. (NSMI) within 72 hours upon arrival in Manila.

b. The cadet shall report to the Onboard Training Office (OTO) immediately upon debriefing from NSMI.

c. The CCO shall gather facts, prepare, and submit a report to the Management Team, which after deliberation shall recommend the appropriate action or sanction, as applicable, to the NTMA President.

d. The action/sanction as approved by the NTMA President for the cadet shall be communicated to NSMI and NYKSM. In case a sanction is imposed on the cadet, a copy of the decision shall be provided to him/her and his/her parents/guardians.

4.9 GRIEVANCE MACHINERY AND WHISTLEBLOWER POLICY

NTMA is committed to transparency, accountability, and good governance. Any suspected or known unethical or improper practice or other misconduct violating the Academy's Code of Conduct and policies shall be addressed through the Grievance Machinery or the Whistleblower Policy.

4.9.1 Grievance Machinery

a. Purpose

Grievance is a complaint by a cadet towards a fellow cadet or any member of the NTMA community. The Grievance Machinery allows cadets to raise concerns or complaints regarding any issues related to their education, conduct, or treatment within the Academy. This process ensures that grievances are resolved fairly and promptly.

b. Procedure

b.1 Any grievance should be reported through any of the following channels:

complaints.qso@ntma.edu.ph
reactions.qso@ntma.edu.ph

b.2 Any grievance sent through the above channels shall be handled and investigated by the Office of the President (OP)

b.3 Based on the investigation, the President will propose a resolution and communicate it to all parties involved.

b.4 If dissatisfied with the outcome, the cadet may appeal the decision to the Grievance Committee, composed of the Management Team and representatives from the faculty and SOC, who will review the case and provide a final resolution.

b.5 All grievances will be handled confidentially to protect the privacy of the individuals involved.

4.9.2 Whistleblower Policy

a. Purpose

The Whistleblower Policy allows cadets to report any unethical and improper practices or any other wrongful misconduct involving Academy employees, directors, shareholders, suppliers, contractors, and/or any other parties with a business relationship with NTMA.

Acts covered by this Policy include but are not limited to the following:

- Commission of a criminal offense against the Academy, or any of its shareholders, board of trustees, officers, or employees
- Fraudulently influence, coerce, manipulate, or mislead the cadets
- Falsification of school records
- Acts meant to defraud the Academy
- Solicitation or acceptance of cash, gifts, or favors to perform a function, which the employee is required by the job description to perform
- Taking of money or money instruments or school property from the premises of the Academy without authoritative permission
- Any act or omission which causes an employee to be paid for time not performed
- Any act or omission in violation of the NTMA's Code of Conduct
- Suppression or concealment of any information relating to the above

NTMA adheres to the whistleblower policy of TDG.

b. Procedure

b.1 All concerns should be submitted to any of the following:
- Whistleblower Hotline: +63 998 963 1397
  (0900H to 1800H Manila time, Mondays to Fridays except on public holidays)
- Whistleblower email: tdgwhistleblower@gmail.com
- NTMA President (concerns raised to the President shall be immediately forwarded to TDG's Chief Compliance Officer)

b.2 Depending on its nature and severity, the concern may be:
- investigated internally
- referred to external auditors
- referred to public or police authorities

b.3 To protect individuals and the Academy, initial inquiries shall be made to decide whether an investigation is appropriate and, if so, under what form it should be made.

b.4 Within ten (10) working days of receipt of the concern, the Chief Compliance Officer shall inform the whistleblower that the concern that the latter raised has been received and indicate the action intended to be taken.

b.5 The amount of communication between the Chief Compliance Officer and the whistleblower will depend on the nature of the matters raised and the potential difficulties involved in the clarity of

the information provided. If necessary, further investigation shall be sought from the whistleblower.

b.6 When a meeting is arranged, the whistleblower may elect to be accompanied by associate and/or human resource personnel of the Academy provided that these persons are not in the area of work or function or authority to which the concern raised is related.

b.7 The Chief Compliance Officer will take steps to minimize difficulties that the whistleblower may experience as a result of raising the concern. For instance, if the cadet is required in criminal or disciplinary proceedings, the Chief Compliance Officer shall advise him/her about the procedure.

b.8 The Chief Compliance Officer shall assure the whistleblower that the concern raised is being properly addressed. Thus, subject to legal constraints, the complainant will receive information about the outcome of the investigation.

b.9 The Chief Compliance Officer shall forward a copy of the concern to TDG's Group Chairman, and the NTMA President unless any of them is the subject of the complaint, in which case the person involved will not be sent a copy.

b.10 The Chief Compliance Officer shall then convene the Compliance Committee composed of the Chief Compliance Officer, NTMA President, and TDG's Chief Learning Officer unless any of them is the subject of the complaint, in which case the person involved will be excluded from the Compliance Committee.

b.11 If the Compliance Committee determines that the concern raised by the whistleblower is not a Covered Act, the Chief Compliance Officer shall refer the concern to the NTMA Management Team for appropriate action.

b.12 If the Compliance Committee determines that the concern raised by the whistleblower is a Covered Act, it shall outline the procedure and strategy for investigating it, which strategy shall include whether or not the investigation will be handled internally or with the assistance of external advisers/consultants.

b.13 If the investigation is handled internally, the Head of TDG Internal Audit shall be tasked to lead the investigation, who will conduct the investigation together with such other officers as the Compliance Committee may deem appropriate.

b.14 Based on the investigation's results, any disciplinary action that needs to be taken shall be pursued under the Academy's then-existing policies and procedures.

b.15 The Chief Compliance Officer shall monitor the investigation's status and progress and prepare monthly and quarterly reports, which will include measures to address and/or mitigate the actions subject to the concern raised by the whistleblower.

Annex A

List of NTMA Facilities

A. Facilities accessible to cadets:

1. Air-Conditioned Classrooms
2. Audio-Visual Room (AVR)
3. Cafetorium
4. Computer Laboratory
5. Dormitory Building
6. Gymnasium and Fitness Center
7. Infirmary
8. Laundry/Drying/Pressing Area
9. Knowledge Resource Center
10. Ship's Office
11. Cadets' Lounge/Station
12. Supreme Organization of Cadets (SOC) Office
13. Blue Horizon (BH) Office
14. Music Room
15. Swimming Pool
16. Visitors' Lounge
17. NYK-TDG Garden
18. Other Facilities and Laboratory Equipment:

    - Bridge Simulator Room
    - Chart/Drawing Room
    - Electrical Room
    - Electro Laboratory
    - Engine Room
    - Engine Room Simulator
    - High Voltage Simulator
    - Engine Workshop
    - GMDSS Communication Training Room
    - Radar/ARPA/ECDIS Simulator Room
    - One Ocean Room
    - Training Bridge
    - Mariner's Computer Laboratory Room
    - Main Switch Board Simulator Room
    - Marine Engineering Computer Laboratory Room

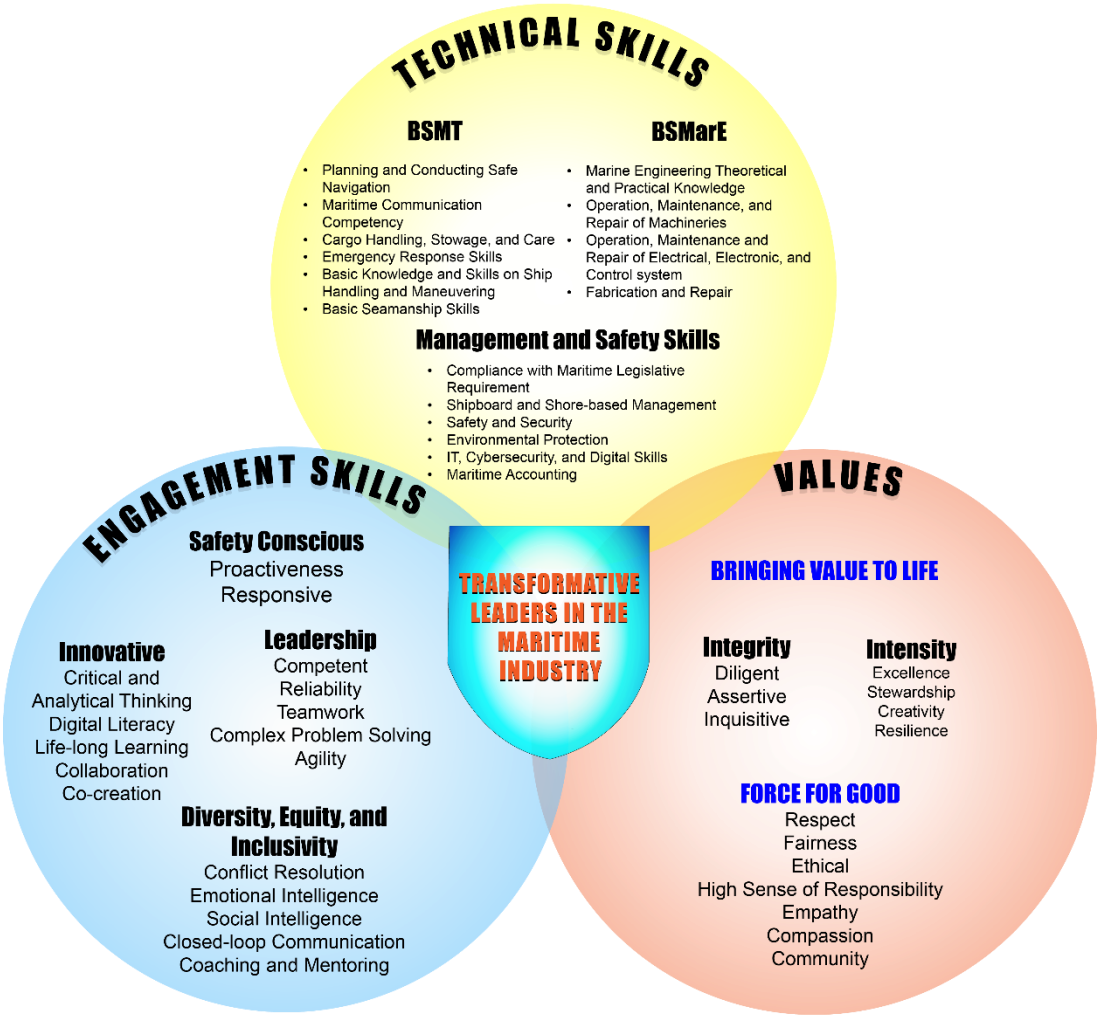

B. Off-limits Area

For security and safety reasons, cadets are not allowed in the following facilities/areas unless duly authorized:

- Lifeboat Deck
- Galley Area
- Perimeter Fence
- Power House
- Pump Room
- Dormitory Ceiling and Roof
- Dormitory (During classroom hours)
- Storage Rooms
- VIP Rooms
- Smoke House
- Maintenance Room
- Main Laundry
- Administrative Offices and Faculty Room
- TDG Vault
- Men's Dormitory 2nd Floor (off-limits for Women Cadets)
- Women's Dormitory 2nd Floor (off-limits for Men Cadets)
- NTTC premises
- Classrooms/laboratories/workshops/Audio Visual Room (permit and supervision is required after 1700H)
- Mission and Vision Rooms

Annex B

NTMA Exit Competencies 3.0

Annex C

The Yusen Mirai Project

NTMA participates in the YUSEN MIRAI PROJECT since its launching in 2014 by NYK Line. Supported by the Japanese Government, the YUSEN MIRAI PROJECT aims to nurture greater awareness and interest of the youth in pursuing maritime studies and becoming seafarers.

The Project involves the exchange of foreign students wherein some selected Japanese maritime students visit NTMA during their summer break from school and join the classes and school activities of NTMA cadets for at least one week. Getting to know their "Filipino/Japanese brothers," and inspired by the concept of "One NYK Nationality," the interpersonal conversations among the cadets pave the way for learning the culture of each nationality as they form friendships and build up camaraderie.

The YUSEN MIRAI PROJECT consists of various activities that nurture greater awareness of maritime affairs:

- Support for primary and junior high school pupils and the general public to experience vessel operations
- Lectures conducted by NYK Group active officers and engineers for primary and junior high school students
- Promotion about the shipping industry to junior high school students at school orientation events
- Visits to shipyards to witness how vessels are built/constructed
- Ship tours offered through the Umi de Tsunagaru Project (a World Maritime Day parallel event)
- Opportunities for maritime academy instructors to experience on-board training of NYK Group vessels
- Short-term student and faculty exchanges between NTMA in the Philippines and maritime academies in Japan

During semestral break, selected NTMA cadets and personnel go to Japan for the YUSEN MIRAI PROJECT.

Annex D

List of Cadet Organizations

1. Supreme Organization of Cadets (SOC)

The SOC is the highest organization of cadets and the "umbrella" organization where all other clubs are placed under for supervision and monitoring. Its Officers are elected by the whole corps. Cadets who wish to run for any position shall undergo pre-screening by the Academic Council for qualification purposes.

2. Academic and Other Clubs

Academic Clubs aim to strengthen the academic and technical competencies of the cadets. They conduct activities such as tutorials, peer teaching, and academic competitions. They lead in activities that promote safety, security, and environmental conservation and preservation.

Each club must be engaged with Environment, Social, and Governance (ESG) activities and support Gender and Development (GAD) initiatives.

a. **Aquatic Alchemists (Science Club)**

Promotes science education by encouraging cadets to take interest in the fields of science through conduct of seminars and related activities

b. **Blue Horizon**

Aims to develop the writing, critical thinking skills, and multimedia production skills of NTMA cadets; the club allows them to develop their creativity and raise their level of awareness on issues that affect them

c. **Mariners' Club**

Helps cadets to develop and utilize their technical knowledge and skills through review and enhancement programs and other maritime-related activities such as Near Miss and D.E.V.I.L. Hunting programs

d. **Mathematics Club**

Helps cadets overcome difficulties in Mathematics through peer teaching to develop self-confidence in solving higher mathematical word problems

e. **Creative Waves**

Provides cadets with an avenue for creative expression; cadets who are talented in singing, dancing, visual arts, drama, playing musical instruments, theatre, and other performing arts may join this club

f. **Sports Club**

Established to unite cadets who share common interest in the field of sports to broaden their skills and knowledge about the discipline by providing general information on latest updates and developments; it aims to develop and maintain the spirit of camaraderie and brotherhood among the members

f.1 **NTMA Dragons**

The official dragon boat team of NTMA, it is composed of 1st Year to 3rd Year cadets who share the passion and interest in the field of traditional dragon boat paddling

Annex E

List of Allowed and Prohibited Personal Items

Allowed Personal Items	Qty	Unit
1. Trousers or blue pants (navy blue, any cloth material and cut, except denim jeans)	3	pcs
2. Short-sleeved polo shirt (with collar, white)	3-5	pcs
3. Athletic shorts (blue in color, without markings)	2	pcs
4. Plain white T-shirts (round neck) **	5-7	pcs
4.1 White Sando for women	3	pcs
5. Plain cotton undergarments For Men - White brief For Women - Nude/Skin Tone Bra - Black Panty 5.1 Dark cycling shorts for women	6-8	pcs
6. Swimming attire (black/dark blue long-sleeved rash guard, black/dark blue shorts – knee level, goggles) **	1	pc/item
7. Supporter (plain white) **	2	pcs
7.1 Sports bra – navy blue or black (for women)	5-7	pcs
8. Garrison Belt with buckles (black)	1	pc
9. Bath towel (plain white-with embroidered surname) **Example: DELA CRUZ, J.C.	2	pcs
10. Face towel (plain white-with embroidered surname) **Example: DELA CRUZ, J.C.	3	pcs

ANNEX I

CERTIFICATE OF CONCURRENCE

I have read and understood the policies and regulations of NYK-TDG Maritime Academy (NTMA) as stipulated in this Cadet's Manual of Information and I do hereby pledge to abide by them at all times.

_____
(Signature of Cadet/ Date Signed)

_____
(Name in Print)

_____
(Batch and Section)

I have read and understood the policies and regulations of NTMA as stipulated in this Cadet's Manual of Information and affirm my son's/daughter's commitment to abide by them at all times. I also commit to maintain open communication with the Academy especially if concerning the welfare of my son/daughter.

Moreover, I hereby indemnify NTMA from any liabilities in case my son/daughter encounters any accident inside or outside the Academy due to his willful or negligent act.
